# Solutions for Remote and Hybrid Learning Environments

Flexible tools for anytime, anywhere learning

Collaborate and communicate easier with ready-to-go solutions that aid productivity and give every participant an immersive, front-row seat, no matter where learning takes place.

## CONNECT AND COLLABORATE WITH ENGAGING TOOLS

With the fundamental room setup in place, it's time to equip instructors with unique solutions that provide a more natural and immersive experience to keep everyone engaged.

### BRIO 505

960-001411 (Graphite)  
960-001417 (Rose)  
960-001454 (Off-white)  
960-001522 (TAA Compliant)

With auto-framing, Show Mode and an integrated privacy shutter, this easy-to-use webcam provides an enhanced video experience and is certified for use with popular conferencing platforms like Microsoft Teams, Google Meet, and Zoom.

### ZONE VIBE WIRELESS

981-001198 (Graphite UC version)  
981-001175 (Rose Teams version)  
981-001170 (Off-white Teams version)  
981-001156 (Graphite Teams version)

Eliminate distractions whether at school, at home, or on busy commutes. This noise-canceling headphone provides clear audio and multipoint Bluetooth® that easily switches between devices to avoid dropped calls.

### BLUE YETI MICROPHONE

988-000103 (Silver)  
988-000101 (Midnight Blue)  
988-000100 (Blackout)

A premium, multi-pattern, USB microphone with Blue VO!CE filters and effects that let you capture and record crisp, engaging audio.

# HYFLEX LEARNING ENVIRONMENTS

Ensuring all parties can hear and see each other clearly is critical. In-room collaboration systems are designed to facilitate high-quality, interactive hybrid learning.

## RALLY VIDEO CONFERENCING SOLUTIONS

960-001485 (Rally Bar Huddle)  
960-001336 (Rally Bar Mini)  
960-001308 (Rally Bar)  
960-001225 (Rally Plus)

A premium, ultra-HD family of conference cameras that is compatible with all major platforms and can run video conferencing applications directly on the device — no computer or laptop required.

## RALLY BAR MIC PODS

989-000430 (Graphite)  
952-000038 (White)

While ordinary microphones pick up any sound, these mic pods are tuned to capture voices. With RightSound™ technology, these mic pods suppress noise and cancel echo to extend the beamforming mic matrix throughout any room, rendering clear, conversational sound.

## SCRIBE WHITEBOARD CAMERA

960-001332

An AI-powered whiteboard camera, Scribe empowers all learners to participate fully by broadcasting unobstructed whiteboard content in classrooms and hybrid learning environments.

## LOGITECH REACH

*Coming soon*

An adjustable content camera that lets instructors move the camera to the non-digital content to express their point of view. Easy, one-hand flexibility allows educators to move in a full 360° rotation to express their point of view.

## K400 PLUS WIRELESS TOUCH KEYBOARD

920-007119

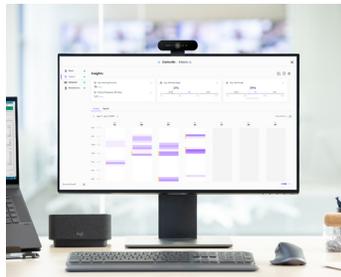

A quiet, easy-to-use keyboard with an integrated touchpad for total control of your TV-connected PC.

## SPOTLIGHT PRESENTATION REMOTE

910-004654 (Slate)  
910-004860 (Gold)

An advanced digital pointer designed to keep people engaged in an in-person, virtually, or in a hybrid setting.

## LOGITECH SYNC

Video conferencing device management software to support hybrid teaching and learning from anywhere. Whether in the classroom, an office, at home, or on the go, Sync helps everyone stay connected.
